

Introduction to Industrial Construction (IIC) Boot Camp 3

June 01st – June 28th, 2022

Do you have a family member, friend, or know someone who has a strong interest in a career in the trades?

*Applications open
April 11th, 2022, and
close April 29th, 2022.*

JFJV, in conjunction with the Industry Training Authority of BC (ITA BC) and UA Piping Industry College of BC (UAPICBC), will be holding our third **Introduction to Industrial Construction Boot Camp from June 1 to June 28 in Prince Rupert, BC.**

We invite **local residents** (not currently working on the LNG Canada Project) interested in a career in the construction trades to apply to

JFJV appreciates Contractor's review of this bulletin. JFJV expects Contractor, its sub-tier contractors, Contractor's employees, and Contractor's sub-tier contractors' employees to comply with the requirements (if any) outlined in this bulletin. If Contractor has any concerns with compliance, Contractor shall raise the concerns with JFJV's assigned Contracts Administrator via email to LNGC.Site.Contracts@fluor.com.

SITE BULLETIN

our fully immersive, four-week introduction to construction trades program.

Successful candidates will be introduced to Pipefitting, Electrical, Carpentry, Equipment Operation, Ironworking, and other industrial trades.

Highly experienced Red Seal Trades Instructors will work directly with participants to train and assist them in determining suitability for an apprenticeship in the trades.

For further information and the **Application Form**, go to:

<https://jfjvkitimat.com/careers/> or <https://jfjvkitimat.com/trainee-introduction-to-industrial-construction/>

We look forward to you sharing this with suitable candidates. For questions, please contact LNGC.Site.BootCamp@fluor.com
